74th Annual Report 1966

CITY OF RUTLAND

The Government Clearing House
of the
UNIVERSITY OF VERMONT & STATE AGRICULTURAL COLLEGE

presents this

Certificate of Award

for the Year 1965 to the Town of

RUTLAND (city)

for 1st place in Class IX

of the Annual

James P. Taylor Memorial Town Report Contest

and with it

the heartiest commendation for a task well done.

BURLINGTON, VERMONT NOVEMBER 19, 1965

President of the University

Director

74th Annual Report

FISCAL YEAR
JULY 1, 1965 to JUNE 30, 1966

CITY OF
RUTLAND, VERMONT

THE PLEDGE TO THE FLAG

*I pledge allegiance to the Flag
of the United States of America
and to the Republic for which it
stands, one nation under God,
indivisible, with liberty and justice
for all.*

Foreword

Each year a concise yet comprehensive accounting of the City's business and activities is published for you—the stockholders in the City of Rutland. This report is for your use. Give it the same careful consideration and study you would give to your own business.

Original approved bills supporting expenditures are on file in the City Clerk's Office and cancelled checks on file in the office of the City Treasurer. Any interested citizen is welcome at any time to call at the City Hall and examine vouchers and cancelled checks.

The youth of Rutland in particular are urged to read this book and to study city government, for on the shoulders of today's youth rests the well-being of the Rutland of tomorrow.

The Administration desires to express appreciation for cooperation given it and again to urge citizens to attend the bi-monthly Council Meetings.

Early History of Rutland

Rutland, the seat of Rutland County, is located on Otter Creek, in an amphitheater of mountains—Killington, Shrewsbury, and Pico on the east and north, and Herrick and Birdseye, in the Taconic Range on the west. Rutland County provided invaluable opportunities for its early settlers, because of a wealth of lumber, land, minerals and waterpower, plus its accessibility to Boston, New York, and Montreal.

The Charter of Rutland was one of sixty issued in 1761 by Governor Benning Wentworth of New Hampshire. The first grantee was John Murray, a prominent citizen of Rutland, Massachusetts, who probably named the township.

In 1769, Colonel James Mead bought about 7,000 acres of land for 100 pounds (approximately six cents an acre) from Nathan Stone of Windsor, and sold half to Charles Button of Clarendon. In March, 1770, Colonel Mead moved here from Manchester, Vermont, and settled near the falls in Center Rutland. The first meeting of landowners in Rutland was held in October, 1773. By 1774 there were 35 families, a log meeting house, and a Congregational Church located at Center Rutland.

About the beginning of the Revolutionary War, Fort Picket was built on North Main Street, near the corner of Terrill Street. Its name was later changed to Fort Rutland. In March, 1778, Rutland was made the headquarters for the State Troops, and the same year Fort Ranger was erected in Center Rutland.

In 1775, the Old State House was erected on West Street, near the present Armory. It was here that the first U. S. District Court in Vermont convened in 1791 and the State legislature met in 1784 and 1786. A log jail was built near the Court House.

In 1787, the town was divided into two parishes, East and West; what is now known as Rutland and West Rutland.

It was generally believed that the situation at Center Rutland offered better advantages as the site for the village than did Main Street in the East Parish, and it is probable that if the land owners in Center Rutland had not priced their land too high, the larger business center of the county would be located at that point.

Great quantities of wheat were sent to out-of-state markets, and the best corn mills in the county were located on Otter Creek. In the town was a printing office, and oil mill, a manufactory of

nails, a hat manufactory, and a large brewery. It was said that every material needed for building except glass and paint were made here. Potash and pearl ash later became important commodities.

Rutland village (population about 7,000) was incorporated in 1847 by an Act of the General Assembly, and in 1856 it was divided into seven wards. The village was built almost entirely on Main and West Streets. The old stage coaches passed through Rutland from Montreal to Boston and New York. In the center of the village was Federal Square (now Court Square), and on each side as on Main Street, handsome houses drew the attention of travelers.

A new period of expansion began in 1850, with the advent of the railroad. Rutland was the central railroad point, and at that time 45 trains a day entered the village. The marble industry, started in 1820, doubled and redoubled, and Rutland grew in commercial importance more than any other place in the state.

The City Charter was granted November 19, 1892, and the first mayor was Dr. John A. Mead. The City of Rutland then had a population of 11,760, and included about $8\frac{1}{4}$ square miles.

- June 20 **Last day for payment of poll and old age assistance tax** without penalty.
- June 30 **Last day for action** by the Board of Aldermen on the Mayor's annual budget.

Mayor's Message

To the Citizens of Rutland:

At this time I am pleased to present my Annual Report to the people of the City of Rutland covering the fiscal year July 1, 1965 to June 30, 1966.

Looking back upon the past 15 months of this administration it is my sincere belief that our community has moved in a progressive manner. Although much is yet to be accomplished, the present gains justify the feeling that we all shall continue to move in a positive direction.

A clear mandate of the people last March has permitted us to go ahead with plans to replace the unsightly and unsafe River Street Bridge. Plans for the new structure are completed and easements are now being obtained from adjacent property owners.

Another major traffic hazard, Temple Crossing has been eliminated. The work in this area has been completed.

A new pumping station at the Sewage Disposal Plant on the Creek Road is now in operation. Thus, we have removed the need to dispose of raw sewage into East Creek. In late May, the grading and paving around the area were completed.

For years automobile traffic has been a frustration to both local and transient drivers. An intensive study of the traffic pattern within our downtown area indicated a complete overhaul should be effected. We are hopeful that a new arterial pattern will be in operation by November and that a four lane highway along Route #7 within the City will be ready to accommodate traffic in late 1966.

Water problems have been common to the Northeast in the last few years. Basically, Rutland's water problems have not been confined to that of shortage, but of pressure. Your Board of Aldermen and other City Officials have made exhaustive analyses of this situation and we believe the solution is imminent. Installation of new pressure reducing valves in the Woodstock Avenue and East Street areas will relieve some of this difficulty.

At this time I wish to commend all our people for the fine cooperation relative to the limited water restrictions which we felt so necessary. Our water supply, although not 100% normal, has been adequate; our problem has been that of equality of distribution. Through the excellent cooperation all our people have been better able to cope with the low-pressure problem.

We are not satisfied that all our water problems will be solved by new pressure valves and we are therefore planning a detailed survey of all water mains in the City. In this way we can better insure our needs for the future.

Many of you may have already noted that all of the evergreens from the Depot Parking lot have been re-located in Main Street Park, White Playgrounds and Rotary Field. The band stand in the park has been repaired and re-painted and the area is a point of pride for all our citizens.

The Rutland Rotary Club should be widely commended for its intense civic interest. This past year, a total of \$8,500 has been donated to our community by this service club. They allocated \$3,500 for refurbishing the tennis courts at Rotary Field and the City received \$5,000.00 towards a Rescue Truck for the Fire Department. A check for \$5,000.00 was also given for the Rescue Truck by Civil Defense. These donations are expressions of good faith and love of our fellow-man and I sincerely commend both organizations for their benevolence.

Rutland will also be the recipient of another example of co-operative civic pride. Soon a new and attractive tourist information booth will be completed at Main Street Park. The City is extremely grateful to the following for their donations and the realization of a valuable and most attractive project. Architects: Mrs. Mary Cadwell, Payson Webber. Contractors: Donald Noyes and Earle Spencer. Exterior: Vermont Marble Company. Electric heating: Central Vermont Public Service Corporation. Interior paneling: Carris Reels Inc. Plumbing: Mr. Freeman Plue. Roofing: Mr. Thomas Zullo, Rutland Roofing Company. Excavating and cement work: Joseph P. Carrara and Sons—Donation: Rutland Lions Club.

A major project now nearly completed, except black top in the spring, is the widening of a large segment of Crescent Street. The work included the area from Church Street to North Main. New curbs and new driveway entrances have been built along the north side of the thoroughfare.

In so far as this street has become a main traffic artery, these needed improvements were essential.

By next spring we hope to have overhead traffic signs installed along North Main Street.

Again great civic interest has been displayed by several local businesses. The Central Vermont Public Service Corporation, Howe Richardson Scale Company and General Electric have all offered the services of their staff engineers to assist the City with

any of its major problems at any time. This is another fine example of great community spirit and I commend them for their interest and contribution.

I am also deeply grateful to our City Planning Commission for their efforts during the past year. This conscientious group have worked diligently to create a sound and workable traffic pattern, has done exhaustive research in many fields and has offered invaluable assistance relative to a Master Plan for Rutland City.

Rutland is growing; Rutland shall continue to grow and prosper. In recent months we saw passage of noteworthy bond issues for our schools. A new shopping center now graces our downtown business area and also we have a new and most necessary addition to our library.

These gains and accomplishments are not mine alone. Were it not for the good will and dedication of all of our City Department heads and their employees, my task as leader would not be possible.

I say, "Thank you" to all of them and ask for their continued support. At this time I wish to thank the members of the Board of Aldermen for their loyal support given me. This has made the job as Mayor much easier.

These, my fellow citizens, are concrete examples that Rutland is moving ahead. We shall continue in this vein as long as all of us support and encourage progressive government.

I have enjoyed my term as your Mayor. The office presents as many problems as challenges. At the beginning, my hope was for a great Rutland; tomorrow's hope is for an even greater community.

Respectfully,

HAROLD J. NICHOLS,
Mayor

BUDGET 1966-1967

LETTER OF TRANSMITTAL

June 6, 1966

*Honorable Board of Aldermen,
City of Rutland, Vermont*

Gentlemen:

In accordance with the requirements of Section 83 of the City Charter, I submit estimates of the various departments for fiscal year July 1, 1966 to and including June 30, 1967.

The amount of the appropriation requested and hereby submitted for your approval is \$3,283,903.61. This is an increase of \$421,353.98 over last year. The item for insurance is not included in this figure as the bids will not be received until Wednesday, June 8th. After that date you will be informed of that amount and will be furnished with the summary sheets showing Personal Service—Other Current Expenses and Capital outlay for each department.

I have cut some of the budgets and intend to try to make more deductions in other places before June 15th.

Respectfully submitted,

HAROLD J. NICHOLS,
Mayor

PROPOSED BUDGET FISCAL YEAR 1966-1967

The office of the Superintendent is open on school days from 8:00 to 5:00.

Schools

To the Honorable City Council and the Citizens of Rutland:

We are pleased to present the annual school report for the fiscal year ending June 30, 1966. The report consists of two parts, a narrative statement about the school's program, and a financial and statistical report. Within the limitations of space and the requirements of the law we shall try to present a thorough, complete and concise report of the Rutland Public Schools during the past year.

CURRICULUM AND INSTRUCTION

Elementary Schools

The instructional program in our seven elementary schools has continued to improve during the past year. In the field of reading, new textbooks were purchased for the fourth grade and new phonics books for the third grade. An individualized reading program which was started last year has been extended into the second grade. This program has proven very successful. The mobile book service has been extended into two more schools. Under Title II of the Elementary and Secondary Education Act we purchased forty six hundred dollars worth of library books for the elementary schools.

Modern mathematics programs have been instituted in all grades in the Rutland Public Schools. Throughout the year a group of teachers worked on selecting a textbook to be used at all grade levels. An adoption was made in June for next year.

In the field of science we have purchased several mobile science tables. A science show was held at the Northwest School. Approximately thirty teachers participated in the science workshop held on Columbus Day at the Southeast School.

Under Title I of the Elementary and Secondary Education Act a physical education program was inaugurated at the Havenwood School. Children were bussed from the Havenwood School to the Northwest School to utilize the gymnasium. An after-school recreation program was offered for girls for the first time. The physical education program continued on a one day a week basis this year, but will move to two days a week next year.

Among the more interesting units of work in the elementary schools during the past year was an exchange of letters and information with a classroom in the city of Rutland, England. Mayor Nichols, Lieutenant Governor Daley and other city officials sent tape recorded greetings to the children in that

community. We also had a similar unit of work with an exchange of letters and information with a school in Los Alamos, New Mexico.

Educational television was utilized in the Rutland Public Schools during the past year to a greater extent than before. Most of the schools are connected to the local television cable. A federal grant and P.T.A. contributions enabled us to purchase at least two television sets for each school. The teachers report that these programs are very beneficial to the children.

We utilized a school-to-home telephone for a home bound child in the fourth grade at the Longfellow School. This program has proven very successful and insofar as we know is the only program of its type at that grade level in the state.

We continue to utilize the services of the Family Life Foundation. Approximately sixty-five children were referred to the "school unit." This direct service offered to children has been a tremendous help to the teachers, students and parents.

Under Title I of the ESEA we were able to hire some additional personnel. A remedial reading teacher worked during the last half of the year in the system and we added a fourth nurse. Dental and optical work was provided for children and we purchased several thousand dollars worth of materials and equipment to be used in our schools. Most of the programs under this act are shared with the parochial schools.

We continue to feel an increase in enrollment in the elementary schools. This year we added two new classrooms, a third grade at Dana and a fifth grade at Lincoln.

Junior High School

Two of the Junior High School teachers have ventured into the field of authorship. Mr. Francis LaValley wrote an adaption of a work on the DNA molecule for biology and Mrs. Doris Miller has developed a narrative filmstrip to accompany the story of Johnny Tremain. A similar filmstrip is being developed by the guidance department to give pupils an insight into the business curriculum at the high school.

We are holding pupils in school through the ninth grade aside from the law requirement. This is one of the best reasons for the existence of a junior high school. In the academic area the curricular achievements are excellent. In reading, fifty per cent of the three grades of Junior High School scored at or above the seventieth percentile even when compared with national norms for the next higher grade. The figures are somewhat comparable for mathematics and English.

Among curriculum developments at the Senior High School during the past year were the inclusion of two periods per week of physical education for all seniors. Provision was also made for an additional period a week of laboratory work for advanced chemistry, advanced physics, and advanced biology for the students. A full time program in welding and small gas engines was inaugurated in the vocational school. A special class in grade ten English was developed for sophomores needing extra help in reading and writing. The Advanced Placement course in English for able seniors was continued for a second year after the experience of the first year indicated its value. Advanced Placement now appears to be a permanent part of the English program.

Forty-six percent of the class of 1965 entered college and a total of fifty-four percent continued formal education. This compares favorably with the state averages for public high schools of thirty-six percent and forty-eight percent, respectively.

The class of 1966 had four National Merit semi-finalists and one student earning a letter of commendation. In State contests our students earned first prize in the Vermont Federation of Women's Clubs art contest, fourth prize in the Vermont poetry contest and second prize in the Edmunds Essay Contest plus first and second prizes in the district. Several students won honorary scholarships awarded by the colleges and not based on financial need. One class member won a National Honor Society honor scholarship. Seven seniors, three juniors and two sophomores scored in the top twenty percent on the National Life Insurance Company University of Vermont mathematics examination. Our two students attending the Vermont Citizenship Conference were selected to attend the Northeastern Citizenship Conference at Tufts University.

Data processing was again used for scheduling, thus relieving the time of administrators and teachers. We also used data processing for the first time in preparing report cards. This has proven very successful and has saved the teachers many hours of clerical work.

At the Senior High School the planned program of encouraging students to voluntarily seek information in counseling rather than to wait to be called by the counselor has resulted in another increase in the rate of initiated interviews. While incoming tenth grade students continue to need to be called for the first interview which we plan immediately at the beginning of the school year, many of them voluntarily sought guidance services during the year. The majority of appointments with the eleventh and twelfth grade students was at their request. Every student was seen at least twice during the year, many were seen

four or five times; few seemed to require the extensive counseling which is provided at the Junior High School.

The boys of the Rutland County Trade and Technical Center at Rutland High School have developed their first joint area project by setting up a picnic area in Mill Village. The boys paid for and built two large picnic tables, painted and lettered two large trash barrels, made, lettered and painted a welcome sign for visitors, cleaned the area, mowed the grass, and finally have planned to keep the grounds in good shape during the season.

For the first time a tuition fee for non-city students attending the Trade and Technical Department was collected. Over nine thousand dollars was received by the City from various towns. Plans have been made to include children from a wider area in the Vocational and Technical Department. Sixty-one students from Mount Saint Joseph Academy, West Rutland High School and Fair Haven Union High School attended the vocational shop classes this year. Next year Poultney High School, Proctor High School and Ludlow High School are planning on sending students. There will be three shifts in order to accommodate them.

Adult Evening School

Five hundred twenty-one adults were enrolled in courses given by the Rutland Evening Vocational and Technical School. Students came from sixty-one towns and the City of Rutland. Courses were from 30 to 480 hours in length. Classes were held at the Rutland Senior High School, General Electric Company, Rutland Hospital and Howe Richardson Scale Company. More courses and more evenings were offered for adult education than any year in the past. The school operated five nights a week for most of the year. Among the Manpower Development and Training Act courses given this year were four programs for nurses' aids, one program for women general machine operators, a steno-typist course and a clerk-typist course.

The Adult Education Program which was operated separately from the evening school continued to do well over the past year with a total of nineteen courses and an enrollment of 533 persons. Several new courses were tried this past year. The Rutland Choral Society in cooperation with the Adult Education Program offered a class in group singing culminating in a concert which was presented at the Rutland High School auditorium. A driver training class was given both terms. A class in modern mathematics for parents was also offered. The class presented a broad view of modern math, starting with the elementary school approach.

Adult Basic Education classes were given. Funds for these classes were received through the State of Vermont from its

allotment of Title II-B of the Economy Opportunity Act of 1964. Reception of the classes was encouraging and we plan to continue these courses.

HEALTH EDUCATION AND SERVICES

A very extensive health program is conducted in the Rutland Public Schools. Part of this program is an immunization program for kindergarten and first grade children. Three hundred and seven children received diphtheria-tetanus inoculations under this program. This is done under the supervision of the doctors of the City of Rutland and the Board of Health.

Health appraisals are given children in all schools, both public and parochial. This includes the checking of height, weight, nutrition, general appearance, skin, throat and posture. Physical examinations were given to children in the kindergarten and Havenwood schools. The day to day functions of the nurses includes first aid, and school and home visits. We would like to thank the following doctors for their assistance in this program: Dr. William O'Rourke, Dr. William Brislin, Dr. Emilie Perkins and Dr. Arthur Wolk.

Children from our schools have been referred to other agencies for assistance. Among the agencies with which we have worked are the Lions Club, City Welfare Department, Community Child Care, Inc., Department of Social Welfare, Department of Public Health, Diabetic Camp, Vermont Tumor Clinic, Children's Aid Society and the Vermont Catholic Charities. The Health Department assisted with the arrangements and distribution of sixty-four Thanksgiving baskets for Rutland families, provided through donations from Rutland school children.

Our dental hygienist worked in a prophylaxis and flouridation program with 684 second and fifth graders. Dental inspections were also conducted throughout the schools. A total of 2,096 students were inspected during the school year. Toothbrushing instruction is given to every child and the importance of good oral hygiene and proper diet is stressed. Ninety-seven children were referred to the Community Child Care, Inc., for emergency treatment or complete mouth rehabilitation. Under Title I of the Elementary and Secondary Education Act a dental program was put in operation in several of our schools.

A new speech therapist, Mrs. Elizabeth Darton, started in our schools in February. She is presently working with 99 children at the elementary, junior and senior high school levels. Many children showed improvement even though the period of therapy sessions was short. The Rutland schools are glad to continue to offer this type of service to children. We are one of the few systems in the state having a speech therapist.

MAINTENANCE DEPARTMENT

The Building Committee of the Board of School Commissioners conducts an annual inspection of all the schools. They report that the maintenance and custodial departments continue to keep our schools in fine condition. The following is a partial list of some of the things which have been done during the past year by our own maintenance department.

Painting: A total of 24 classrooms were painted during the year. These were at the High School and Junior High School, Southeast School, Lincoln School, Northeast School and Dana School.

Furniture: Formica tops were installed on tables at the Junior High School, Northwest School, Dana School and the High School. Several bookcases were built and painted at various schools.

Building and Repairs: A new front door was installed at Park Street School and a new door at the high school shop. Boys' toilets were remodeled at the High School on the ground and first floors. New boys' and girls' toilet rooms were installed at the Dana School. The ceiling in the boiler room at the Longfellow School was plastered and a fire resistant door was built. Seventy rubber stair treads were installed at the High School. The stage and old gym floors were sanded and refinished.

Electrical: A new main switch was installed at the High School. Several new machines were wired at the High School shop and some were rewired. New ventilating fans in the High School shop boys' rooms and painting booths were wired.

Plumbing: Sinks were installed at the Junior High School economics room and High School library, boys' and girls' toilet rooms at Dana and part of a new water main at Dana School. All boilers were checked and cleaned.

General: The emergency generators were maintained. Surplus food commodities were distributed to the various schools. All fields were mowed and maintained. The fire sprinklers at Lincoln, Dana and Park Street School were serviced.

NEEDS OF THE SCHOOLS

Many of the needs of the schools are included in next year's budget. A brief explanation of some of these is found under the Budget section of this report.

The Rutland Public Schools continue to face increasing enrollment pressures. As a result the citizens of Rutland passed a bond issue on June 7 to provide additional classroom space at the elementary level. Six new rooms and a library will be added

at Northeast School and three classrooms, a library and a multipurpose room will be added at the Dana School. In addition to this the bond issue included improvements at the Longfellow School and the Junior and Senior High Schools.

Our long range planning for the other elementary schools should include provisions for libraries. The state will soon be requiring libraries in elementary schools.

Enrollment pressures are also being strongly felt at the secondary level. As a result the school system has been participating in a union high school study which was done in cooperation with 14 towns surrounding the City. The Board of School Commissioners is looking at a Union High School as one possibility of solving enrollment pressures at the secondary level. During the school year 1966-67 some decision should be made concerning the long range solution to this problem.

Better facilities are needed for physical education and athletics at both the Senior and Junior High Schools. The present field is inadequate for the large numbers of students who use it. Consideration should be given to a municipal athletic field which could be used by everyone in the City.

SCHOOL BUDGET

Our Budget has been adopted by the Board of School Commissioners as provided for in the City Charter. However, according to law, we are "presenting" the Budget elsewhere in this report.

A study of the Budget, as compared with last year's will show that the increases are mainly due to the following:

Free Textbooks: We are now required by law to furnish free textbooks to all students.

School Bus: We must purchase a new school bus to meet state minimum standards.

Classroom Rental: Due to overcrowded conditions in our elementary schools we are renting two classrooms to reduce class size.

Additional Teaching Staff: Required due to increasing enrollments and program improvements at all levels.

Salary Adjustments: For teachers and other school personnel.

Increasing costs for maintenance supplies and instructional materials.

FOR OUTSTANDING SERVICE

Mr. Francis I. Bean (1933-1966) Retired
Principal of Rutland Junior High School

Miss M. Doris Hastings (1936-1966) Retired
Administrative Assistant to the Superintendent

In closing we wish to thank our teachers for their professional skill and devotion to their children. We also wish to thank the citizens of Rutland for their continued interest and support.

Respectfully submitted,

CHARLES A. SHORTLE, JR., *President*
Rutland Board of School Commissioners

WILLIAM A. ATKINS, JR.,
Superintendent of Schools

Rutland Free Library

July 20, 1966

To the Honorable City Council and Citizens of Rutland:

It is with pleasure that I transmit to you the Annual Report of the Librarian of the Rutland Free Library. The report reflects the continued growth and important public service rendered to the citizens of Rutland and Town of Rutland during the year. It has been a year which will be remembered as the year of the construction and completion of the long awaited addition to the Rutland Free Library. Citizens may feel confident that they now have available to them library service both for study and recreation which is not only adequate but of first quality sufficient to stimulate a broadening of interest in all aspects of life in the community.

Mr. Charles D. Maurer, Jr., your librarian, is submitting his third Annual Report. In his tenure in office Mr. Maurer has won the respect of all members of the Board of Trustees and staff of the library for his competent leadership and we wish to here express our gratitude for his solid contribution to the march of progress in the work of the library in the past three years.

On behalf of the Board of Trustees of the library, I wish to thank the Mayor, the Aldermen and the Taxpayers of the City and Town of Rutland for their continued interest and vital support of the Rutland Free Library.

Respectfully submitted,

ROBINSON E. KEYES, *President*

Report Of The Librarian

For the Year Ending June 30, 1966

To the Honorable City Council and Citizens of Rutland:

It is a pleasure to present my third annual report as the Director of the Rutland Free Library. Highlighting this past year was the construction of the long needed library addition. It bears repeating that the generosity of Mr. Edwin W. Lawrence provided the impetus to begin this project. His gift, in combination with money from the Library Association's trust funds and a grant from the Federal Government, has provided Rutland citizens with a plant whose service area presents an expansion of nearly 80 percent.

The new adult reading room, to be known as the Lawrence Reading Room, will offer a restful and relaxing area away from the library's mainstream in the south wing of the addition. Greatly needed new stacks in the addition's central portion will make the library's collection easier for patrons to use and for staff to maintain. The north wing more than doubles the size of the children's department. A full basement makes provision for longer term expansion needs of the library.

I feel that an emphatic, if brief, tribute to the library staff is appropriate here. Many discomforts, naturally, are attendant to a building addition. In spite of heavy dust and noise from time to time and over a period of time, the staff was able to maintain library service without any interruptions or closings. More minor as inconveniences were necessary temporary cutoffs in the electrical service, and fluctuations in the heating, from chilly to too hot during the winter as new additions to the old boiler got made. Many who patronized the library during these months will find a familiar ring in this recall.

Library Staff and Children's Department

Miss Mary C. Isbell, cataloger of the library for over five years, left Rutland in September to work in the Rochester, Minnesota, Public Library. An interim period followed during which Mrs. Frances Carroll, who has completed her library certificate work by attending twelve weeks of sessions at the University of New Hampshire summer school on public library techniques, worked with the Director and the Children's Librarian on the cataloging until a replacement for Miss Isbell could be hired. Miss Kay Kai Lin, a graduate of George Peabody Library School, became Rutland's new cataloger in January.

Miss Vivian Hewitt, Mrs. Carolyn Sharp, and Mrs. R. Gale Spaulding again were familiar to library borrowers in their service roles. The summer staff assistants included Lindell Abbott and John Hamilton, in the adult and children's departments, respectively, and Mrs. Elizabeth Taylor and Mrs. Anne Kirbach, children's storytellers. The pages, custodian George Myers, and Misses Irene Francis and Josephine Rosmus, who attend to bookkeeping and other library financial matters, all played responsible staff roles.

Mrs. Barbara Douglas, Children's Librarian, again supervised the Children's Film program, whose theme this year was

"Peace On Earth." Mrs. Douglas, who served on the Dorothy Canfield Fisher Children's Book Award Committee, submitted her resignation to become Coordinator of Elementary School Libraries in Rutland, beginning in September, 1966. A faithful member of the staff since 1953, all good wishes accompany her as she moves into her new job. Her contributions to the library's growth and progress over the years are worthy of note, and they are appreciated.

Book Collection

Circulation was at a relatively high level despite the fact of a construction project being in process. The constantly increasing use of reference and resource materials in the library as the collection grows stronger and as the area's educational demands expand is noticeable. Among new reference works which we added to the collection this past year in addition to the updating of others are The Directory of the Ancestral Heads of New England Families, 1620-1700, The Larousse Encyclopedia of Modern Art, British Authors Before 1800, The Odyssey World Atlas, The American Negro Reference Book, Dictionary of the Bible, Early American Dress, Who's Who In The East, The Larousse Encyclopedia of World Geography, The Acronyms and Initialisms Dictionary, Standard Book of Shakespeare Quotations, Dictionary of Canadian Biography—1000-1700, New Century Classical Handbook, Wilson's Standard Catalog for Junior High School Libraries, Porter Sargent's Handbook of Private Schools, and the McGraw-Hill Encyclopedia of Science and Technology.

Good publicity was given to library activities again this year by the Rutland Daily Herald and by radio stations WSYB and WHWB. Library displays in a variety of subject areas were arranged by Mrs. George R. Jackson and Mrs. Charles R. Brown. Several cash gifts and a number of books were received from library friends. The library's meeting rooms were utilized by Castleton College extension students for music listening purposes, by the state library extension agency for staff meetings and for full week training institutes, and by other community and area groups.

Board of Trustees

The Library's progress obviously would not be what it has been without the efforts of its Board of Trustees. During an especially active building construction year, much meeting together and planning were involved, under the leadership of Board President Robinson E. Keyes. The Building Committee included Martin D. Freeman, Chairman, and George B. Forbes; the House and Equipment Committee consisted of Mrs. Robert S.

Franzoni, Chairman, and Mrs. George H. Larson; Dr. John R. Williams, Chairman, George B. Forbes, and Peter Goshgarian served on the Finance Committee; Mrs. Henry L. Pratt chairmanned the Personnel Committee which also included Mrs. Horace J. Lyne and Mrs. Earle S. Fox; and Mr. Robert E. Schill, Chairman, Mrs. Bradford N. Smith, and Mrs. Robert S. Franzoni made up the Nominating Committee.

The Director spoke to community groups during the year about the library, its activities, and plans for the future. He was a member of the New England Library Association's Regional Planning Committee, and also of that association's Membership Committee. He served on the Vermont Library Association Executive Board, and was a member of the Rutland Local Planning Committee of the American Nurses Foundation, for which group the library has been maintaining a shelf of related professional materials for seminar purposes. The Director also was selected to serve on Governor Philip H. Hoff's Library Advisory Committee and was appointed to its Sub-Committee on Evaluation.

The past year was a very busy and progressive one, and I would like to express thanks for cooperation and help received from the library staff, library trustees, and officials of the City of Rutland. I know that Rutland's citizens will further benefit from and enjoy the increased facilities and services which the newly expanded library plant can offer them.

Respectfully submitted,

CHARLES D. MAURER, JR.,
Director of the Rutland Free Library

Sewage Disposal Plant

To the Mayor and City Council,
Rutland, Vermont:

Gentlemen:

I hereby submit to you the annual report of the Water Pollution Control Plant.

In February of this year a new pumping station located on Dorr Drive was completed and put into operation, also several new sewer lines were laid and connected up to our pumping station on River Street.

A total of 1,758,144,000 gallons of sewage and storm water was processed.

We removed over 150 cubic yards of grit together with several hundred pounds of rags, cans, etc.

It is our hope that some time in the future the Federal Government and the State of Vermont will provide funds for the separation of our storm sewers from our sanitary sewers.

It was a pleasure during this past year to have many groups of school children, both elementary and high school children visit our plant, also two troops of Boy Scouts. Visitors are always welcomed at our plant and we are always willing to explain the operation.

May I at this time express my thanks to Mayor Harold J. Nichols, the Disposal Plant Committee and other City officials for their cooperation.

Respectfully submitted,

HERBERT L. ERICKSON,

Superintendent

Public Works Department

To the Mayor and City Council:
Rutland, Vermont

Gentlemen:

I hereby submit the annual report for the year 1965-1966.

Street Department

A large number of streets throughout the City were re-shaped, graded and a tack coat of asphalt applied. A total of 27,239 gallons of asphalt; 263 tons of stone; 1,300 tons of grits; 123 tons of sand; 994 tons of pea stone and 4 tons of "A" stone were used.

We constructed 4,903 square feet of sidewalk and 1,019 feet of curbs. Numerous other walks and curbs were repaired; holes in the streets were patched; catch basins were built and repaired and a great many small jobs completed.

Guardrails were repaired or replaced and repainted; old street signs were replaced with new Scotchlite signs.

A large number of trees were removed in addition to 75 trees which were affected by Dutch Elm disease. Approximately 1,750 trees were sprayed with Mist Blo 26C.

Equipment purchased included 2 dump trucks; 1 floor jack and 2 oil storage tanks.

Sanitation and Waste Removal (Sewers)

Sewer main extensions were made on the following streets:

Sharon Drive.....	240 ft.—8" tile
	300 ft.—6" tile
LaVerne Drive.....	900 ft.—8" tile
Hillside Road.....	605 ft.—8" tile
Porter Street.....	20 ft.—6" tile

Several new manholes were constructed and many more were repaired. Fifty new house connections were made.

Sanitation and Waste Removal (General)

The residential streets were swept and cleaned periodically and the business section was swept and cleaned regularly.

High grass along the roadsides was mowed and the brooks within the city limits were cleaned. The election booths and ballot boxes used at the various polling places were set up and removed by this department.

This department also has the care and maintenance of the City Dump and in order to confine all burning to one area a "Tepee Type" incinerator was erected. A front end loader was purchased to assist in loading this incinerator.

West Street, from 350 feet west of Cramton Avenue to Temple Crossing, was widened and curbed. Some 4,954 cubic yards of gravel; 387.73 tons of filler; 845 tons of 4" stone; approximately 700 feet of granite curb and 1,256.9 tons of hot mix were used on this job.

Permanent Road Bond

Watkins Avenue—from State Street northerly—was excavated, widened, graveled and double tack coated. The following materials were used:

A total of 2,600 gallons of asphalt; 175 tons of pea stone and 22 tons of grits; 740.66 tons of hot mix were used on driveways on Watkins Avenue.

Water Department

During 1965-1966 the following water mains were installed:

Park Street.....	1,651 feet—	8" transite pipe
	7 feet—	6" C.I. pipe
	8 feet—	8" C.I. pipe
Merrick Street.....	188 feet—	1" copper pipe
	34 feet—	$\frac{3}{4}$ " copper pipe
Hillside Road.....	580 feet—	8" transite pipe
	8 feet—	10" C.I. pipe
	9 feet—	6" C.I. pipe
Sharon Drive.....	198 feet—	8" transite pipe
Charter Hill Drive...	389 feet—	8" transite pipe
	12 feet—	8" C.I. pipe
Brentwood Drive....	519 feet—	8" transite pipe
	18 feet—	8" C.I. pipe
LaVerne Drive.....	1,065 feet—	8" transite pipe
	8 feet—	8" C.I. pipe

We also installed 80 new house connections; 38 meters; 1 hydrant and had 15 relays and 50 repairs.

One new pickup truck and a new furnace for the chlorine house were purchased.

The City watershed and reservoir were maintained in the usual efficient manner.

Winter Maintenance

Roads and sidewalks were plowed and sand and salt applied to them. A total of 840 tons of salt and 1,236 tons of sand were used.

Engineering Department

This department has charge of maps and records in the City Engineer's office and any revision of same. We also lay out sewer lines, water lines, street lines, grades and surveys of City lands in Rutland and Mendon, Vt.

At this time I wish to thank Mayor Harold J. Nichols, the Honorable Board of Aldermen and all city officials for their kind cooperation and helpful suggestions during the year.

I also wish to thank the members of the Public Works and Water Departments for their loyal and cheerful devotion to duty.

Respectfully submitted,

HERBERT L. ERICKSON,

Acting Commissioner of Public Works

Planning Commission

To the Citizens of Rutland:

The City Planning Commission was reactivated by Mayor Harold Nichols and has met regularly during the past year. Its general purpose has been to Inventory and Research the physical needs of the Community and to develop plans for improvement.

The Planning Commission has worked closely with the Mayor, Committees of the Board of Aldermen and the Rutland Region Chamber of Commerce to effect this purpose.

The first phase of a detailed study and recommendation for a Traffic Plan was presented by the Planning Commission to the Board of Aldermen and acted on. The Traffic Safety Committee greatly assisted in the preparation of the report.

We have strongly supported the plan for improvement in our Water Distribution System and are currently studying new sources of additional water supply.

The Commission has maintained close liaison with the Developers of the downtown Shopping Center. We have recommended that landscape design include beautification of the large parking area with planting areas for flowers and shrubs. Recognizing the future Traffic Problem to be created by this complex of new stores, we have initiated plans for widening and straightening Evelyn Street.

A Tax Study Committee was formed to project future growth trends in City Revenue so that capital improvements may be planned and scheduled with fiscal confidence.

Currently, the Planning Commission is revising the "Master Plan" of the City of Rutland so that a development pattern, based on realistic objectives will be projected for the next 10 to 20 years. It is intended that this plan will meet the requirements of the Federal Government for certain available grants. Also, it is the "Comprehensive plan" referred to in the Vermont Planning Enabling Act. It is our objective that this "official Municipal Plan" be adopted by the Planning Commission and also by the voters of the City.

The Planning Commission recognizes that a Municipal Plan is **never** really complete. Changing conditions require constant revisions. Continuing study and action will assure stable progress.

Respectfully,

ALFRED J. BEAUCHAMP
Chairman

Fire Protection

August 15, 1966

To the Honorable City Council:

Gentlemen:

I hereby submit to you the annual report of the activities of the Fire Department for the year ending June 30, 1966.

The Fire Department responded to 380 alarms of which 56 were malicious false alarms. The alarms were received as follows: Telephone 303, street box 63, automatic detector 1, radio 2 and verbal 11. The Department also responded to 131 Special Service calls of various nature, 16 of which were for the use of oxygen.

There were four deaths caused by fire during the year. On December 18, 1965, Mr. George Rogers aged 53, died of smoke inhalation at 118 Gibson Avenue. On December 20, 1965, Mr. Kenneth McDonell aged 29, was severely burned at 47 Cleveland Avenue and died three days later at the Rutland Hospital. On February 4, Mr. Robert Davis aged 71, was badly burned in a fire that gutted his living room at 216 Stratton Road and died a few hours later at the hospital. On April 15, Mrs. Elva Fregosi of 119 Maple Street, was badly burned while lighting an out door fire and died three days later at the hospital.

On February 18, a space heater in the down stairs apartment of a two family dwelling located at 299 West Street and occupied by Mr. Donald Stannard and family, exploded and spattered flaming oil into two rooms. Mrs. Stannard and three children were eating breakfast and escaped through a side door, her two other babies were asleep in another room and Mrs. Stannard was unable to get to them. Mr. Richard Gilman was passing by and made two trips into the flaming building and rescued both children. Mr. Gilman was given a Citation by Mayor Nichols for his outstanding act. The family of Mr. Edward Canovan, who occupied the second floor, escaped by a rear stairway.

On March 18, Gloria Brown, aged six months was rescued from the building located at 29 William Street by Fireman Charles Taylor, who lives next door. Fireman Taylor was off duty at the time. The baby was left in care of the Wilfred Niles family while the parents were shopping. Mr. Niles, aged 89, was alone with the baby. Fireman Taylor, who was working in the back of his home, heard cries for help and when he went to the front of his house he saw smoke coming from the front of the Niles house and Mr. Niles was on the front porch. He assisted Mr. Niles to the walk and went back on the porch and heard

the baby crying. He crawled through the smoke filled hall and into a living room and found the baby in a car crib between two chairs. He carried the baby outside and gave mouth to mouth resuscitation which saved the life of the baby. Mr. Taylor was given a Citation by Mayor Nichols and I certainly want to add my respect to these two men for their outstanding acts.

First Assistant Chief Frank H. Seward retired from the Fire Department on May 23, 1966 after 42 years of faithful service. Mr. Seward joined the Fire Department on September 24, 1924. He was appointed Captain on May 5, 1930, Second Assistant Chief on October 20, 1941, and First Assistant Chief on December 13, 1964. Mr. Seward was an excellent fireman and very devoted to the Fire Service.

The following summary is the value of property endangered by fire, the amount of insurance carried and the amount of insurance paid as far as could be ascertained.

	Value	Insurance Carried	Insurance Paid
Buildings.....	\$3,823,553.00	\$3,770,558.00	\$57,363.77
Contents.....	53,004.00	45,300.00	15,250.60
Totals.....	\$3,876,557.00	\$3,815,858.00	\$72,614.37

Personnel

The personnel of the Fire Department consists of a Chief Engineer, two Assistant Chief Engineers, two Captains, two Lieutenants and twenty-two regular firemen. Also ten Callmen who respond to whistle calls only.

Total Appropriation for the year.....		\$191,836.54
Total Expenses for the year.....		189,065.78
Balance for the year.....		\$2,770.76

Apparatus

The Apparatus consists of:

- 1 1946 Buffalo 750 G.P.M. Triple combination truck
- 1 1948 Ford 500 G.P.M. Triple combination truck
- 1 1957 Maxim 85 foot hydraulic operated aerial ladder truck
- 1 1963 Maxim 1,000 G.P.M. Triple combination truck
- 1 1963 Maxim 750 G.P.M. Quadruple combination truck
- 1 1966 Chevrolet Rescue truck
- 1 1943 Jeep roadster
- 1 1961 Jeep ¾ ton pick-up truck
- 1 1964 Rambler sedan
- 1 16 foot row boat and trailer
- 1 15 KW power unit

Engine 2 is now 20 years old and is in need of considerable body work and painting and should be replaced rather than spend a large amount of money for another year of service.

The Rescue Truck which was put in service on May 8, the purchase of which was made possible by a gift of \$5,000.00 from the Rutland Rotary Club and by the Federal Civil Defense Agency, will be equipped with all types of emergency equipment for use in any natural disaster or other emergencies that may occur.

Due to the removal of power poles in the new shopping plaza two fire alarm signal circuits and two police signal circuits had to be replaced requiring 1,200 feet of new cable and 1,200 feet of single wire. All of the labor was done by members of the Fire Department.

Mr. Payson Webber is drawing plans for a new Central Fire Station to be located on the Meldon School property. The plans will be ready for voter approval in the November election. One half of the cost will be had from Federal funds.

There were 286 wiring permits issued during the year. There were 79 new buildings erected during the year as follows: 58 new homes, 7 mobile homes, 1 addition to furniture store, 1 addition to library, 1 new church, 1 new school, 1 bulk oil storage plant and garage, 1 four-apartment house, 1 railroad

engine house, 1 express office, 1 L.P. gas plant, 1 addition to electric plating plant, 1 motel, 1 ticket office at fair grounds, 1 building in new shopping plaza. Also there were 9 buildings remodeled into apartment houses.

I wish to thank his Honor the Mayor, and all other City Departments as well as the members of the Fire Department for their assistance and cooperation during the year.

Respectfully submitted,

ALFRED H. KOLTONSKI,

Chief of Fire Department

Police Protection

July 21, 1966

To the Honorable City Council:

I hereby submit the annual report of the activities of the Rutland Police Department for the fiscal year July 1, 1965 to June 30, 1966.

The department has a Chief of Police, one Captain, one Lieutenant, two Sergeants, twenty Patrolmen, one meter patrolman, Traffic Bureau Clerk, seven school crossing guards and twenty-five active special police officers. Two additional regular officers are needed to maintain and furnish adequate service and protection. Increased services and demands on the department have required the increased use of special officers which many times are not fully trained or available.

There has been considerable increase in all phases of police service with the exception of the parking meter division. With the removal of approximately 380 parking meters from the three city lots it is expected parking meter revenue will decrease about fifty per cent.

The increase in special activities and visits from dignitaries increased, requiring increased use of special officers for traffic and crowd control.

Several major traffic changes are presently underway, due to be completed this fall. These changes made necessary by increased volume of traffic and construction of the new shopping center are expected to improve traffic flow and safety.

An extensive training program is now underway in all phases of police work and is mandatory for all officers. At this time two officers are attending the Vermont State Police Training School. All officers have just completed an intensive ten week firearms course with very satisfactory results. Much needed, new and replacement equipment is being purchased as funds become available. A complete new two-way radio system is being purchased as well as portable radios for beat patrol officers and emergency or disaster use.

I wish to take this opportunity to express my great appreciation to Mayor Nichols, the Board of Aldermen, City Officials, and especially members of the Police Department for their assistance and cooperation.

Respectfully submitted,

S. D. JENNE,
Chief of Police

Respectfully submitted,

STUART D. JENNE,
Chief of Police

Health Officer

July 25, 1966

To the Honorable City Council:

Gentlemen:

It is the pleasure of your Health Officer to submit, herewith, his annual report for the fiscal year beginning July 1, 1965 and ending June 30, 1966.

The Health Department is composed of a three-man Board of Health and a Health Officer.

Through this department is maintained the control of communicable diseases, inspection services for the maintaining of sanitary plumbing facilities, swimming pool and other places of public assemblage.

Two hundred ninety-two contagious diseases were reported and quarantined during this period. A monthly chart follows:

Abbreviations

Mu.—Mumps
Mea.—Measles
C.P.—Chickenpox
W.C.—Whooping Cough
Ty.—Typhoid

S.I.—Streptococcal Infection
I.H.—Infectious Hepatitis
Polio—Poliomyelitis
I.M.—Infectious Mononucleosis
G.M.—German Measles

TOTALS	47	75	143	5	5	0	0	2	0	15	292

Six dog bites were reported and investigated.

The annual free inoculations to immunize children against Diphtheria-Tetanus were done in October and December, 1965. A total of 421 children received this protection. Drs. Ryan, Smith and Beale, ably assisted by Mrs. McCormack, Miss Burke and Mrs. Plumer, School Nurses, carried out this program.

In April 1966, smallpox vaccinations were given to children of kindergarten, first and second grade age. A total of 308 children received either primary or re-vaccinations. The clinics were set up by the school nurses in their usual efficient manner. The same doctors as above did the vaccinations.

In October 1965 free immunization shots for influenza were offered to all City employees. Some 60 employees availed themselves of the opportunity of getting this protection.

In our opinion these are worthwhile projects. This department urges all parents who have not had their children immunized by their own physician to take advantage of these opportunities of having it done.

A total of 362 samples of water from the City's taps were sent to the Vermont State Department of Health in Burlington for analysis. Twelve (12) samples showed evidence of contamination. This department wishes to again thank the water department for their excellent control work on the Water Shed and at the reservoir, especially Mr. Harry and Rolla Jasmin.

Samples of water were also sent to Burlington from the swimming pool during its operation. At no time was it found necessary to close the pool due to contamination.

Well over 100 nuisance complaints were investigated by the department. Fifteen plumbing inspections were made.

In closing, I would like to express my appreciation for the courtesy and co-operation that I have received from the Mayor, City Council, City Employees, the State Board of Health, the School Nurses, and the physicians and parents of the City of Rutland.

Respectfully submitted,

CHARLES D. BEALE, D.O.,
Health Officer

Board of Health:

GORDON B. SMITH, M.D.
HARRY RYAN, JR., M.D.
ROBERT W. BEAUCHAMP, PHG.

VERMONT STATE DEPARTMENT OF HEALTH ANNUAL TOWN REPORT, 1966

This is a report to the residents of Rutland describing the health services which have been rendered during the state fiscal year July 1, 1965 through June 30, 1966. These services are carefully planned so that maximum benefit may be gained from each tax dollar. For instance, one clinic may serve many towns if the number of patients is small. On the other hand, when a service is needed in a town or city, we make every effort to provide it.

I invite you to discuss this report with your friends and health officer and I would welcome any impressions which you care to forward to me.

The following is a list of some of the health services to the residents of Rutland City:

Attendance at well child conferences.....	3
Pediatric consultations for child health problems.....	..
Number of children given diagnostic services at hospitals..	7
Number of children financially aided with hospitalization..	4
Number of children aided at handicapped children's clinics for speech, hearing, orthopedic, plastic, neurological, or cardiac problems.....	99
Dental health education, number of children served in schools.....	..
People X-rayed for tuberculosis detection.....	150
People X-rayed for occupational diseases.....	171
Attendance at tumor clinics.....	18
Attendance at diabetes clinics.....	295
Diphtheria, Tetanus, Whooping-Cough immunizations...	321
Polio immunizations.....	12
Smallpox immunizations.....	320
Measles immunizations.....	..
Number of water samples tested (private and public supplied).....	383
Food and dairy products tested.....	2
Blood specimens (pre-marital, pre-natal, and other).....	869
Other laboratory specimens.....	782
Nutrition, dietary consultations to institutions, groups, and individuals.....	26
Sanitary inspections, consultations (food and lodging, camps).....	533
Water, sewage disposal, public buildings and other inspec- tions.....	56
Hospital and nursing home inspections and consultations..	26
Public Health Nurse home visits.....	601
Number served by Public Health Nurse visits.....	235

Respectfully submitted,

R. B. AIKEN, M.D., M.P.H., *Commissioner of Health*

Milk Inspector

July 25, 1966

To the Honorable City Council:

Gentlemen:

The following is your Milk Inspector's Report for the fiscal year beginning July 1, 1965 and ending June 30, 1966.

Two hundred ninety-four dollars (\$294.00) was collected in license fees as of June 30, 1966 and the money turned over to the City Treasurer whose receipts I hold for that amount.

This represents 41 restaurants, cafes and pharmacies; 45 groceries; 2 bakeries; 5 milk peddlers; 6 creameries. A total of 99 licenses, 88 at \$2.00—5 at \$5.00—1 at \$25.00—5 at \$10.00. Rutland Fair \$18.00. Total \$294.00.

All creameries were inspected and approved.

Reports of the laboratory analysis of milk samples taken from the creameries and submitted to the Board of Aldermen, were accepted and published in the Rutland Herald.

I wish to thank the producers, plant operators and owners, also the State Inspector, Mr. Donald George, for their cooperation during the past year.

Respectfully submitted,

CHARLES D. BEALE, D.O.,

Milk Inspector

Meat Inspector

July 9, 1966

To the Honorable City Council, Rutland, Vermont:

Gentlemen:

The past year, I have found no violations to the City Meat ordinance in my periodic inspections. They have cooperated in keeping within bounds of the City law in cleanliness and buying.

I have inspected 188 head of cattle, 28 calves, and 3 sheep.

Fees amounting to \$203.50 have been collected and given to the City Treasurer.

Respectfully submitted,

H. HUGH QUIMBY, D.V.M.,

Meat Inspector

Director of Welfare

See Page 99 for Financial Summaries

*To the Honorable City Council and
Citizens of Rutland, Vermont:*

The year 1965-66 has been a most significant one in the City Welfare Department. In June of this year the City Poor Farm, established in the early eighteen hundreds, was officially closed. The concept of a poor farm or almshouse was derived from the Elizabethan Poor Laws of 16th century England and is no longer a practical or humane method of caring for the indigent. It segregates the poor and carries with it a stigma which robs people of pride and human dignity. In our present day society indigent persons who are elderly, disabled or unable to care for themselves can be better cared for in convalescent or boarding homes at far less cost to the local taxpayer. The seven people who were permanent residents of the farm are now being provided for in this manner.

Mayor Nichols and the Board of Aldermen are to be commended for their wisdom and foresight in taking this step.

I would like to thank Mr. and Mrs. Richard Decker for their loyal and conscientious service as superintendents at the City Farm and most especially for the warmth and kindness with which they cared for those who sought refuge there.

The Welfare Department gave assistance to 292 families and 325 single persons during the past year. As in previous years the greater part of this was spent for medical care with \$18,467 spent for doctors' services, \$80,214 for hospital care and \$13,580 for people in nursing homes. General aid, i.e., food, shelter, clothing, fuel, etc., accounted for \$43,499 of the appropriation. It is hoped that the coming year will bring a reduction in medical expense because of the state and federal medical programs which went into effect July 1, 1966.

The Legislative Council of the State Legislature last September appointed a committee to study Welfare in the State of Vermont with particular emphasis on local welfare administration. I have been privileged to serve on this committee. The committee has made a comprehensive study and plans to make recommendations to the Legislature which, if enacted into law, would make sweeping changes in the method by which the problems of welfare are dealt with in Vermont. The

most important change would be the elimination of the Town Welfare Departments and centralization in the State Department of Social Welfare, the complete responsibility for the administration of all essential welfare services. This would eliminate the inequities which exist under the present system which has no adequate standards and would relieve the towns of a financial burden which grows greater each year. The financial benefits to the State of Vermont would be substantial. The new proposals are aimed at securing maximum Federal aid for state administered welfare programs. It is my opinion that these changes would be in the best interest of all people in the state. I have mentioned this in my annual report because I feel that the citizens and taxpayers have a right to be made aware of developments in government which are of vital concern to so many.

I wish to express my gratitude to Miss Catherine Walsh and Mrs. John Halpin for their invaluable help in the administration of the Welfare Department.

I also wish to express my thanks to Mayor Nichols and the Board of Aldermen for their cooperation and help during the past year.

Respectfully submitted,

MRS. MARTHA DePOY,
Director of Welfare

Building Inspector

November 14, 1966

*To the Honorable City Council,
City of Rutland, Vermont:*

Gentlemen:

Upon my appointment as Building Inspector, replacing the late Ira C. Westcot, I found very efficient and well organized records.

At this time I would like to express my appreciation to the Mayor, the members of the Board of Aldermen, City Officials and Administrative Personnel who have so ably assisted me these first few months.

The following are the building permits approved from July 1, 1965 to June 30, 1966:

	<i>Units</i>	<i>Amount</i>
Houses (New).....	70	\$948,650.00
Business Blocks—Additions, Alterations..	14	705,200.00
Apartment Houses.....	2	54,000.00
House Additions and Alterations.....	14	33,000.00
Garages.....	14	15,660.00
Mobile Homes.....	7	30,995.00
Porches.....	2	750.00
Carports.....	2	500.00
Shopping Center.....	1	500,000.00

Annex—Loretto Home.....	1	220,000.00
		<hr/> \$2,511,355.00

Respectfully submitted,

GLENN S. MORSE,
Building Inspector

City Attorney

July 31, 1966

To the Honorable City Council,
City of Rutland, Vermont:

Gentlemen:

The following is the annual report for the office of City Attorney for the period from July 1, 1965 to June 30, 1966.

The major items requiring the attention of the City Attorney during this period were the following:

Opinions:

Opinions have been rendered to the various departments upon request, covering the following areas: Zoning, Insurance for Municipal Buildings, Building Construction Laws, Accounting Procedures, Federal Housing, Contracts with the Employees Union, Bidding Procedures, The White Trust Fund, Voting Procedures, Police Matters, the New Shopping Center, Teacher Hiring Procedures, and several Tax Questions.

In addition, miscellaneous opinions have been rendered to the Mayor and Board of Aldermen in response to requests submitted to me.

Claims and Suits:

Several claims have been made against the City during this period. These were investigated and appropriate action taken by this office. There is presently pending before the Rutland County Court litigation in connection with several claims against the City.

Considerable progress has been made in our work with the Equity Publishing Company regarding the consolidation and updating of our Ordinances. We expect to have the work completed and the new books in our hands from the printer within the next several months.

I wish to again extend my thanks to the Mayor, the members of the Board of Aldermen and all of the department heads and other employees of the City of Rutland who have assisted me in my first term as City Attorney. Your cooperation and assistance has been invaluable.

Respectfully submitted,

ARTHUR E. CROWLEY, JR.,
City Attorney

City Grand Juror

July 1, 1966

To the Honorable City Council and
Citizens of Rutland, Vermont:

I completed my first full one-year term as the City of Rutland Grand Juror during the 1965-1966 fiscal year, and started serving my second term during this period of time.

The Rutland Police Department report indicates that the principal duty of the office was discharged by the prosecution of 363 offenses occurring in the City of Rutland.

Many delinquent and dependent children were also brought before the Rutland Juvenile Court, investigations and reports were made for the Mayor and Board of Aldermen on a number of matters, and a great many domestic and other problems were discussed with city residents.

I would like to express my sincere appreciation for the cooperation of the Rutland City Police, the Rutland County Sheriff, and all officials and residents of the city who have assisted me in my work during the past year. I believe that the Rutland City Police Department is continually improving, and I further believe that experience continues to indicate that the residents of the city are getting better service as a result of having a full-time prosecutor. As in the past, I am always ready to assist the residents of the city in any manner in which my office is able to be of assistance.

Sincerely,

ROBERT EDWARD WEST,
City Grand Juror

City Clerk

To the Honorable City Council:

The record of births, marriages and deaths filed in this office during the year 1965 was as follows:

Total number of births registered in 1965	793
Total number of deaths registered in 1965	413
Total number of marriages registered in 1965	152

(See statistics below for vital statistics comparison.) (Due to the fact that vital statistics records are reported to the State for calendar years, we are unable to report for the fiscal year covered by this report.)

A total of \$20,826.00 was collected in fees and licenses and turned over to the City Treasurer. (See City Treasurer's financial report.)

Under Act of 186 of the Vermont Statutes, we continue to furnish discharged service men any records or copies thereof in connection with their service claims for themselves or dependents, without charge.

In addition to the numerous duties assigned to Town and City Clerks under the Laws of the State of Vermont, this office serves as Clerk of the Board of Aldermen and as Purchasing Agent for all City Departments, and Clerk of the Board of Assessors.

During the period covered by this report Mrs. Thelma E. Doll assistant City Clerk in this office terminated many years of loyal and efficient service to our City. We wish her many pleasant years of retirement.

I would like to express my appreciation for the loyalty and faithfulness shown by the employees of this office in the performance of their duties and to also express my thanks to His Honor the Mayor, members of the Board of Aldermen and all City Officials and employees for the cooperation received.

Respectfully submitted,

HENRY P. BATTLES,

City Clerk and Purchasing Agent

Constable and Tax Collector

August 15, 1966

To the Honorable City Council:

Gentlemen:

I hereby submit the following report of my activities as City Constable and Tax Collector for the fiscal year 1965-1966.

Delinquent poll taxes, real estate and personal taxes collected amount to \$75,388.06. Delinquent water rents and sewage disposal bills in the amount of \$19,549.52 were also collected, making a total of \$94,937.58.

Many of the delinquent poll and old age assistance taxpayers do not seem to realize that all delinquent back poll taxes have to be paid for self and wife to obtain an operator's license to drive a car or truck, in accordance with the state law and subject to a fine when making application for a driver's license.

Able assistance and guidance on legal problems was extended to me during the year by the City Attorney.

To the Honorable Mayor, all members of the Board of Aldermen and City Officials, I wish to express my sincere appreciation for their cooperation and assistance at all times.

Respectfully submitted,

REIDE B. PAYNE,

Constable and Tax Collector

VERMONT DEPARTMENT OF SOCIAL WELFARE Montpelier, Vermont

This thirtieth in the series of annual reports submitted to the people of Rutland City presents tabulations for the fiscal year 1965-1966. In the Department of Social Welfare's program of assistance to the aged, blind or disabled 30% of the costs of hospital and physician services, as well as the excess over \$80.00 per month in Nursing Home care, are assessed against the town of settlement of the recipients of such care. Participation charges incurred by your community during the past year for each of these types of care were as follows:

Nursing Home Care.....	\$14,323.03
Hospitalization Services....	17,757.76
Physician Services.....	3,020.40

Under similar settlement provisions town participation in the program of Aid to Families with Dependent Children is at the rate of one-eighth the assistance grants while costs incurred for the care of Committed Children are borne equally by the local and state agencies. Charges assessed against your community for the former amounted to \$9,238.78 and for the latter \$22,373.20 for the year just closed.

During 1965 assistance was granted to 373 residents in your community under the Aid to the Aged, Blind or Disabled program. Direct money payments to these persons were financed entirely out of state-federal funds. Among the other programs financed from these same sources were Services for the Blind, Adoption Services and Medical Aid for the Aged. While no town-by-town records are compiled for these categories, their benefits were available to all qualified residents.

Respectfully submitted,

JOHN J. WACKERMAN,

Commissioner of Social Welfare

Recreation and Parks

*To the Honorable City Council and
The Citizens of Rutland:*

Once again, it is a pleasure for me to submit to you this Annual Report for the Department of Recreation and Parks.

Total expenditures for the Department were \$54,934.58; total receipts were \$8,306.50.

ACTIVITIES

Spring and Summer

As summer approaches the Rutland area, once again the playground becomes a major outlet for our City youngsters. In operation this year are White, Rotary Field and Meadow Street which were fully taken advantage of again this year. Activities such as volleyball, kickball, arts and crafts, story hour, movies, and hikes were conducted. Highlights included "City Wide Pirate Day" and Topsy Turvy Day where the youngsters wore their clothes inside out, backward, and every which way. The climax of the season was the Annual Playground Olympic Day held at Rutland High School Field in which Rotary Field Playground took first prize. Over 300 boys and girls took part.

Winner of the Junior League baseball program was the Braves. Approximately 79 boys composed of five teams took part in the eight week season of the league.

The Adult Softball League was again a spontaneous success. The thirty years and older group made up the Recreation League whose games were played at Meadow Street Field and also under the lights at Rotary Field. The City Softball League, under thirty years group, played their games at White's. Top team in the Recreation League was the Midway Diner who topped Lindholm's in their final game. In the City League it was the Palms. The All Star game was again won by the City League.

This year's Mitey Mite Baseball Program was a huge success. The Twins won this year in the Northern division. In the Southern it was the Cardinals. Taking the League title for the "65" season was the Twins in their World Series Game. Approximately 300 boys took part in this program.

This year's Tennis Tournament was held at White Playground. Winners for the second year in a row for the Men's Doubles were Ray Cunningham and Gene Poplawski, and Men's Singles, Gene Poplawski. In the Junior finals Jack Johnson defeated Jon Throop for the Junior singles title.

PLAYGROUND STAFF

1st Row L to R: Teresa Lynn Cioffredi, Julie Frankiewicz, Jeannue Douglas, Elizabeth Slayton and Ilene McCue.
2nd Row L to R: Bob Sharrow, Larry Copper, Pat Canty and Bernard Morgan.
3rd Row L to R John Cioffredi and Betty Mumford.

White Playground was the scene of action for the Summer Basketball League which held its games nightly. The league consisted of eight teams and approximately 120 boys, which was won by the "Mounties." The climax was an All Star Game held in Burlington, Vermont, in which the Rutland All Stars topped the Burlington All Stars 75-51.

For the second year in a row, a Junior Basketball League was held mornings at White Playground. Consisting of six teams and approximately 75 boys, the Indians defeated the Knights 79-45 for the Championship.

POOL STAFF

1st Row sitting L to R: Sue Sealey, Judy Allard, Tom Austin, Mary Ann Keefe and Becky Wall.

2nd Row standing L to R: Jack Johnson, William Reardon, Jr., John Cioffredi, John Daley, Sr. and Joseph Marro.

The Midget League began June 14th and was completed on July 30th during which time 12 teams were formed with approximately 180 participating. Both leagues had a very tight season.

In the Southern League, Coke came in first, and in the Northern, a four way tie. The Championship game was played at Rotary Field where the Eagles beat Coca-Cola in a 13-1 victory and out of this the best of three series took the pennant.

The Daisy Mae League was again in full swing. The League was for High School Girls of which approximately 200 girls participated. Games were held afternoons at Meadow Street Field.

The Swimming Pool opened up May 29, and closed on September 4, 1965. Lessons were again conducted mornings in two separate sessions of which 12,000 swimmers took part. Another 44,000 took part in Recreational swimming. Achievement day was again held in which 120 certificates were given to deserving children. The "Teen Splash Parties" are a big feature offered by the department, also included is the Business Men's and Women's program from 12 noon to 1:00 p.m. daily. Our Swim Team has developed into an outstanding team, twice they topped Proctor in races. Outstanding swimmer for the team was Nan Bliss. We also did well in the "Twin State Races." City Championships were held in which 125 swimmers participated. Climax of the season was the Water Carnival "Under the Big Top."

The Department once again provided "The Picnic Loan Service" which was taken advantage of by Civic and Fraternal groups, as well as individuals.

The Depot Parking Lot once again felt the patter of feet as the Tuesday night dances began. Several thousand participated in the program.

The Wee-Tee golf course was the scene this season of a program whereby contests were set up according to age groups and held during the week. Prizes and awards were given for the midget golf tournament.

A new and added attraction to our summer program included a Summer Baseball Clinic which was in conjunction with Montgomery Ward. The clinic consisted of a series of slidefilm lectures starring such players as Bobby Richardson, Willy Mays, etc., and was held in three consecutive Friday sessions. The school was open to all area boys of any age.

A benefit show was held at Rotary Field to establish funds for the expense incurred for Rotary Field lights. Featuring "The Queen and Her Maids," a four girl softball team from California, the "Maids" took on the Midget League All Stars and won in a close game, 9-8.

For the first time this summer the Department sponsored a summer art class under the direction of Mrs. Barbara Strzelec. The class catered to both the beginner and experienced artist. Class was divided into two groups, for adults and children.

Fall and Winter

Flag football is fast becoming a popular sport both for youngsters and adults. Youngsters in grade 5 and 6 participated in the six week league consisting of approximately 110 children. Climax of the league was the "Turkey Bowl" on November 6 in

which the Raiders from St. Peter's won the league title over the Chiefs from C.K.S.

The Third and Fourth Grade Flag Football League, a new program, was also a success. Some 250 participants took part in this program, at the close of which 40 boys were chosen for the "All Star Game" between the East and the West. The Eastern All Stars won 13-6.

Halloween is one of the most looked forward to events held in the City each year. Most responsible for this interest is the Window Painting Event and Parade in downtown Rutland. We appreciate the Merchants' interest in this event and sincerely thank them for the use of their windows they sponsor so willingly. The spirit is in full swing by the time the ghastly figures appear on the windows. Climaxing the event is the annual parade. Reigning over the event for the first time this year was a "Pumpkin Princess," Eileen Keenan, chosen over three other contestants who served as her court. Crawling through the city streets, came the ghostly parade—Batman, again a main event along with the Plastic Man, Dr. Strange and the Joker, Batman's arch enemy.

The Senior Citizens hold their weekly meetings at the Center, and on special occasions hold dinners and picnics for their enjoyment.

The Elementary School Basketball League for the 5th and 6th grades were held Saturday mornings at the Recreation Center. Approximately 125 boys took part in this flourishing program. In the afternoons, high school boys used the facilities which included the basketball court, game room and Teen Center.

The three city skating rinks were again in full swing, operating seven days and nights a week. The rinks are: Rotary, White, and Meadow Street.

The Square Dance Program is becoming more popular each year. Lessons were given at the Recreation Center, where they also held their Saturday night dances. Prominent callers from all over New England were heard and enjoyed by all present.

Dog Obedience Classes were held Tuesday evenings at the Rotary Field House under the direction of Mrs. Jean Hendee. Classes were for both the advanced and beginner dog.

Evening classes continuing again this year include Bridge Lessons, Art Class, Chess Class, and Chess Tournaments, Volleyballs League, Girls' Physical Fitness, Rug Braiding Class, and Coin Club. Added evening attractions include the Stamp Club, and a Stenciling and Decoupage Class. A new afternoon program for tots was a Rhythm Class teaching the basic nature of rhythm, also held were the Baton, Cheering, and Craft Class.

Golf lessons this year were held only in the evening, as this seemed to be the popular time. Classes were filled to capacity and enjoyed by all. Instructor was Hank Vergi, Golf Pro.

For the sixth year in a row the Adult Basketball League was successful. Victors in this year's single elimination tournament was the Palms over Mount Holly 77-70. The League consisted of 12 teams.

Toys were collected for our Annual Toy Project. At this time we would like to thank Moore Business Forms, National Grange Mutual Insurance Co. and W.H.W.B. for their generous contribution of new toys for our project. They were greatly appreciated. Over 75 families benefited from these gifts, and approximately 200 children. Over 1,000 Santa Claus letters were mailed out to children in the city.

Our Christmas Holiday Schedule was in process again for children of all ages and those vacationing students home from college. The program included:

- Basketball Tournament
- Ping Pong Tournament
- Pool Tournament
- Foul and Set Shooting Contest
- Special Teen Dance.

The Christmas Basketball Tourney was won by the Bon-Wit Tellers 65-56 over the Baby Bulls.

The Mid Vermont Artists continue to be affiliated with us and have held their summer art shows in Main Street Park in conjunction with this department. Also affiliated with this department is the Marble Valley Bridge Club.

Growing in popularity was the Second Annual Talent Round-Up, held in the Recreation Center Gym. Out of approximately 75 people who auditioned for the show, 21 acts were selected. Appearing in the audience was a scout for the "Ted Mack Amateur Hour" in cooperation with the program. Winners were: 1st place—"The Plunkouts," a jug band from Castleton College; 2nd place—Jay Seaman, a tap dancer from Cambridge, N. Y. and in 3rd place—Francis Hoisington, a singer and guitar player from Castleton. Mr. Robert Laird was the M.C. and Director of the Show. Over 500 people attended.

Each and every Wednesday at 7:00 p.m. golf movies were held throughout the winter months. International matches were featured.

The Rutland Family Campers Association is growing by leaps and bounds. Climax of the season this year was the Second Annual Camping and Sports Equipment Show held at the Rutland Fairgrounds, May 7th from 1:00 p.m. to 6:00 p.m. Approximately 153 families belong to this association who enjoy camping, hiking, fishing, and numerous other outdoor activities together. This year, several camp round-ups were featured.

The Department again operated a Ski Tow at the Rutland Country Club. Despite attempts to cut the rope by vandals, the program was a success. Housewives' ski lessons were again offered by the department. Approximately 55 ladies took advantage of this program held Thursday afternoons. Saturday morning brought into effect the tots' ski lessons which were in cooperation with Killington Ski Club.

The Recreation Center continues to attract and become a focal point for many young people as well as adults on an informal basis to play basketball, handball, volleyball, etc.

For those business men who need the opportunity to work out, The Business Men's Program was the answer to their worries. Each and every weekday the program was run from 12:00 to 2:00 p.m. and evenings from 4:30 to 6:00 p.m.

New and added programs include a "Kite Contest" held at White Playground. Seventy-five excited children appeared at the field along with their parents. Children were divided into four different age groups, and awards were given for altitude, 40 yard dash, most original, battle, and accuracy.

A Boys Club was formed for boys from 8-10 years of age and held Tuesday evenings from 6:30 to 8:00 p.m. Response was so great volunteer help was asked for by the Department. Thomas Barrett was head councilor for the program, which conducted various sports, and crafts activities.

An Easter Egg Hunt, sponsored by the Department, was not in the spirit of Easter. The hunt was to begin at 10:00 a.m., but by 9:00 a.m. it was all over. Younger children were over-run by older youngsters, making it impossible for a fair contest. We hope next year's program will see more cooperation from adults. The program will be strictly for the younger set, and will be held at the Country Club, or Fairgrounds.

A new program inducted into the Recreation Schedule was a Physical Fitness program. Termed a huge success, the program ran for 11 weeks. Physical fitness was the primary object of the course with a side objective of games, etc. Approximately 1,100 boys and girls from the 4th through the 8th grade participated.

"Fitness Trophies" were awarded to those participants who could do the most push-ups, sit-ups, etc. Winners were:

3rd and 4th grade boys, James Clifford and John Olson
5th and 6th grade boys, Brian Carroll and James Mee
5th and 6th grade girls, Diane Wisniewski and
Mary Grace Haynes

Another new program for all graded children was an outdoor activities program including track, relay races, horseshoes and softball. This program ran through April and May, until our Summer Program of events was in full swing.

Again this year the whole bandstand was painted as well as a new roof and shingles. A planting program was initiated by the Superintendent and flowers were planted around the bandstand and monuments, as well as a few flower plots. New trees have been added plus flower shrubbery. Dead trees and stumps were removed.

The Department added a lighting system to Rotary Field to make the field more usable and we are proud to say it is one of the finest in our area, without cost to the city.

Continuing along our Beautification Program, trees taken from the depot parking lot were transplanted at White's Playground, Rotary, and the Swimming Pool.

Several picnic tables were made by the Department and placed at the Pool and playground areas for the enjoyment of our citizens.

The addition of the truck and tractor from the poor farm were much needed help and greatly appreciated by the Department and have been put to good use.

SUMMARY

Physical needs of the Recreation Department still include:

New and Larger Swimming Pool
Additional Tennis Courts

The Superintendent would like to express his appreciation to the Mayor and the members of the Board of Aldermen as well as the Citizens of the City of Rutland for their continued cooperation and encouragement. I would like again to thank publicly the members of my small staff, Robert Dikeman for installing our lighting system, C.V.P.S., Albert Cree, Walter Herlihy and General Electric, and Adrian Curtis. Also Tom Barrett for his help in our new Boys Club, Robert Laird for his help in the Talent Show, The Killington Ski Club, and Bob Franzoni for our Ski Program. Our thanks also to the Rutland Florist Association.

Respectfully submitted,

JOHN W. CIOFFREDI, *Superintendent,
Recreation and Parks Department*

Airport Commission

To the Honorable City Council
of the City of Rutland, Vermont:

This past fiscal year has been one of greatly increased activity at the Rutland Airport—an increased activity which both emphasizes, serves and stimulates the greatly increased economic activity in the Rutland region.

Mohawk Airlines is important to the airport and to the Rutland area. The mere presence here of scheduled commercial airline service is an asset of great value and the City and the people of the area must, by their patronage support and otherwise, do everything they can to retain it and make it profitable here for the airline's owners.

However, it becomes increasingly evident that a predominant value of the airport to the Rutland region is as the regional base for so-called private flying, which here, as it does nationwide, accounts for more landings and take-offs and more passengers in and out than does the commercial airline. To enable this very valuable transportation segment to operate here is perhaps the most important part of the airport's mission.

In the last fiscal year **Mohawk** brought to Rutland 1,066 passengers—some 203, or 16%, less than the year before. A schedule change during the year, which meant a late morning instead of an early morning departure from New York, was very probably the reason for this decline. Certainly it was not that fewer people wanted to come to Rutland. The contrary has been true.

In the last fiscal year the **private** pleasure and business aircraft landing at Rutland brought to Rutland 6,981 passengers, an **increase** over the year before of 1,646, or 30.9%.

In the 1965/6 fiscal year **Mohawk** carried 1,236 passengers **from** Rutland, a **decrease** from the year before of 289, or 19%. In this case, too, a schedule change, which makes it difficult for Rutland passengers wishing to go to New York to get assigned space beyond Albany, was probably responsible for the decline.

On the other hand the **private** pleasure and business aircraft carried from Rutland 5,793 passengers, an **increase** of 947, or 19.5%, over the year before.

However, Mohawk carries mail, express, and freight, in addition to passengers. Private planes, as a general rule, do not. In this past year Mohawk's express and freight business in

Rutland has skyrocketed. **Express** brought in was up 46.4% and carried out was up 287%. **Freight** brought in was up 37.6% and that carried out was up 109.6%.

The increase in private pleasure and business aircraft has taxed our airport's facilities even beyond their capacity. Additional hangar space and service shop space are both badly needed. Such space should be capable of being supported by those who make use of it.

During the past year \$43,535.46, including \$6,785.00 for bond interest and principal payments, \$15,986.70 for a new snow remover, and \$4,135.00 for six heating units for the main hangar, was spent in connection with the airport property. Of this amount \$36,695.96 came from city appropriations, \$1,380.00 from the State of Vermont and the balance of \$5,459.50 from landing fees, rentals and other income.

Following is the record of use of the scheduled airline facilities for the past five years:

	Fiscal Years Ended June 30				
	1966	1965	1964	1963	1962
Passengers					
Enplaned	1,236	1,525	1,128	993	1,052
Deplaned	1,066	1,269	843	872	1,059
Air Mail (lbs.)					
Dispatched	2,435	2,714	2,843	2,309	1,286
Received	2,501	3,724	1,572	2,096	(not available)
Air Express (lbs.)					
Dispatched	5,855	1,513	1,553	1,371	2,268
Received	18,354	12,538	5,758	9,661	(not available)
Air Freight (lbs.)					
Dispatched	24,956	11,907	6,632	6,109	8,694
Received	42,482	30,871	19,993	15,561	(not available)
Landings					
Scheduled	596	614	615	606	657
Missed	114	92	131	120	177
% Missed	19.1	15.0	21.3	19.8	26.9

Private business and pleasure aircraft activity at the airport is indicated by the following statistical record (local hops not included):

	Fiscal Years ended June 30			
	1966	1965	1964	1963
Number of Aircraft.....	5,664	4,526	2,989	2,154
Passengers—in.....	6,981	5,335	3,730	2,739
Passengers—out.....	5,793	4,846	3,415	2,149

Following is the financial report of airport operations for the fiscal year ended June 30, 1966:

Appropriations and Receipts

City's Appropriation for year.....	\$36,695.96
Mohawk Airlines—rentals and landing fees.....	\$2,520.00
Other hangar rentals and landing fees.....	1,802.50

Capital Outlay—Installation of Six Heating Units in Hangar....	4,135.00
	<u>26,906.70</u>
Total Expenditures.....	\$43,535.46

Respectfully submitted,

DONALD C. NOYES, *Chairman*

ROBERT W. MITCHELL

ALBERT A. CREE, *Secretary**Civil Defense*

August 8, 1966

*Honorable City Council,
Rutland, Vermont*

The purpose of the Civil Defense Organization is for the protection of the people of the City of Rutland. Through various facilities and staff organization we are prepared to protect them from radioactive fallout and at the time of natural disaster.

Rutland City has 23 fallout shelters with a rated capacity of 4,500 people. These valuable spaces were donated by various merchants, banks and building owners. Each of these shelters are staffed by trained shelter managers and also by personnel trained in the handling of RADEF equipment.

Our Emergency Operating Center (EOC), located in the Rutland Library building, is staffed by well qualified chairmen and volunteer assistants. Rutland City should be proud of the work being done by this group.

Rutland also has a 200 bed package disaster hospital located in the Rutland Junior High School.

A Rescue vehicle has been delivered to the Rutland Fire Department. This equipment, valued at \$10,000.00 was donated by the Rutland Rotary Club and the Civil Defense Organization. The acquisition of this vehicle will be responsible for the saving of many lives and containing injuries in the time of emergencies.

We also have a Civil Defense Staff consisting of 19 volunteer Chairmen. These Chairmen are well qualified for their participation in an emergency. Without the cooperation of my staff members, these Civil Defense activities could not have been accomplished.

We are expecting to participate in the Community Shelter Program (Shelter Deficit Program) which is financed by the United States Government. This is a very worthy program but we are to investigate every facet of this project before entering into a contract with the Government.

I wish to thank His Honor the Mayor, the City Council and all the City Officials for their assistance and cooperation.

Respectfully submitted,

W. HOWARD SHERMAN,
*Director Civil Defense
Rutland City, Vermont*

Pension Board

September 1, 1966

To the Honorable City Council:

Gentlemen:

The net cost of the City Pension Plan for the fiscal year ending June 30, 1966 was \$57,876.40. The amount of \$11,380.66 was paid to pensioners and \$46,495.74 to the Connecticut General Life Insurance Company.

Since the start of the plan January 1, 1938, ninety-seven have been retired of whom forty-one are deceased.

As of June 30, 1966 there are one hundred eighteen contributing members.

The budget requirements for the fiscal year beginning July 1, 1966 will amount to \$68,000.

Effective January 1, 1965, the City of Rutland was pleased to announce substantial improvements in the retirement plan.

These improvements have produced a retirement program which is easier to understand and is more attractive to those who elect to participate in the plan.

Respectfully submitted for the Committee,

PATRICK H. MANGAN

Assessors' Office

July 25, 1966

To the Honorable City Council:

The report of the Assessors is respectfully submitted.

The ratio of the assessed valuation for all properties in the City of Rutland has been changed from 33 1/3 per cent to 50 per cent of full value, beginning as of July 1, 1966 and this has resulted in a change from approximately \$28,000,000.00 assessed valuation in the fiscal year 1965-1966, to an assessed valuation of about \$43,000,000.00 for the fiscal year 1966-1967, and the tax rate has been lowered from \$8.85 per hundred of assessed valuation to \$6.95 per hundred of assessed valuation for the present fiscal year.

The change of the ratio of assessment was necessary as a result of legislation enacted, that all cities and towns in the State of Vermont should be on a uniform basis of assessment, not later than January 1, 1967.

Beginning the fiscal year 1966-1967, Rutland City had no industrial firms receiving any tax relief, either from partially exempt or fully exempt properties. One large industrial concern in the city, which had been granted a partial tax exemption from both the real estate and personal property for the past ten years, is now assessed on the same basis as all other properties in the city.

The new shopping center in the former railroad yard, was not started by April 1, 1966, therefore was not taxable on any buildings for the present fiscal year, but it should be completed by April 1, 1967, and the buildings thereon, together with the addition that one local industrial firm is contemplating building during the coming year, plus the normal increase from new homes, etc., should result in a favorable increase in the tax base for Rutland City, for the coming year.

The Assessors wish to express their appreciation to the Mayor, the Board of Aldermen, and to all City Employees and Rutland Taxpayers, for the cooperation and courtesy extended to this board during the past year.

Respectfully submitted,

ROBERT W. FOX, *Chairman*

RAYMOND H. SHAW

JOHN D. PISANELLI

Board of Zoning Adjustment

August 29, 1966

*To the Honorable Mayor and Board of Aldermen,
Rutland, Vermont:*

I hereby wish to report the activities of the Board of Zoning Adjustment for the year 1965-1966.

During the year we held 37 meetings beside a few investigations made by members of the Board on mobile home sites, areas for housing projects, complaints were received where business was reported to have been set up in areas where it was not permissible and property owners were objecting.

We investigated and recommended the plans for the development of a plot of land, a little over three acres, in the vicinity of Tremont and Deer Streets for homes for the senior citizens.

Members of the Board, together with the Building Inspector and Zoning Administrator, inspected the land, plans and specifications for the building and development of Garden Apartments at the farther end of Engrem Avenue. We recommended the approval of this development.

We also recommended the rezoning of a piece of land on the west side of North Main Street from Residence B area to Business A.

Under "Customary Home Occupations" we recommended the approval of two gift shops, one uniform shop and one nursery school.

Sorrow crossed our path again in the loss of Mr. Ira Wescot, our Zoning Administrator. A very thorough and conscientious man and a very fine man to work with.

In closing we wish to express our sincere appreciation to the Honorable Mayor, all members of the Board of Aldermen and all other City Officials for their cooperation and assistance at all times.

Respectfully submitted,

BOARD OF ZONING ADJUSTMENT

MARY V. QUIGLEY, *Clerk*

Library Treasurer

July 21, 1966

*Honorable Harold J. Nichols
Mayor of Rutland
Rutland, Vermont*

Dear Mr. Nichols:

I am happy to enclose to you the financial report of the Rutland Free Library Association, Inc. covering the period from July 1, 1965 to June 30, 1966.

May I take this opportunity to express to you and to the members of the Library Committee, as well as the Board of Aldermen as a whole, my sincere appreciation of the cooperation of all of you in helping our Library Association give increasing service to the people of Rutland.

Sincerely,

GEORGE B. FORBES, *Treasurer*,
Rutland Free Library Assn. Inc.

REPORT OF THE TREASURER
RUTLAND FREE LIBRARY ASSOCIATION, INC.

July 1, 1965 - June 30, 1966

 *Six month period January 1st to June 30th, 1951.

ANNUAL REPORT

City Treasurer

September 23, 1966

To the Honorable City Council,
 Rutland, Vermont.

Gentlemen:

I present herewith the 1966 annual financial report setting forth the financial position of the City of Rutland at the close of the fiscal year ended June 30, 1966.

All debt service requirements of the City were met promptly during the year. Serial bonds totaling \$255,000.00 were retired. Payments of \$12,915.24 were also made on the direct reduction loans of the Parking Meter Fund. Combined interest payments on the bonded debt amounted to \$58,311.75 of which interest amounting to \$21,367.00 was paid on outstanding school construction bonds.

GENERAL FUND: This fund is financed by revenues from general property and poll taxes, licenses, permits, fines, revenues from other agencies, charges for current services, and other miscellaneous revenues.

During the fiscal year ended June 30, 1966, revenues actually received were \$59,726.88 more than budget estimates, and expenditures were \$23,393.46 less than budgeted appropriations.

The Budgetary system has been an important factor in the City ending another year with a sizeable surplus because of a control of appropriations and expenditures.

SCHOOL FUND: During the fiscal year ended June 30, 1966 revenues actually received exceeded budget estimates in the amount of \$45,672.13 and expenditures were \$11,233.55 greater than budgeted appropriations. As at June 30, there was a surplus in the amount of \$29,018.40.

The combined balance sheet presented as Exhibit A is intended to present an overall view of the financial position of the City as at June 30, 1966.

Summary statement of cash receipts and disbursements presented as Schedule 1, summarizes the activity of the various funds during the fiscal year ended June 30, 1966.

Respectfully submitted,

W. J. SIMONDS,
 City Treasurer

Excess of Receipts over Disbursements			\$10,016.59
Fund Balance June 30, 1966			\$16,168.01

Auditors' Report

December 8, 1966

To the Honorable City Council,
City of Rutland, Vermont

Gentlemen:

Your Auditors have made an examination of the accounts and financial records of the Treasurer and other offices of the City of Rutland, Vermont for the period July 1, 1965 to June 30, 1966.

This examination was made in accordance with generally accepted auditing standards and accordingly includes such tests of the accounting records and such other auditing procedures as were considered necessary in the circumstances.

In our opinion the financial records of the Treasurer fairly reflect the financial condition of the City of Rutland, Vermont as of June 30, 1966 and the result of operation for the fiscal year.

Respectfully submitted,

FRANCIS E. SANBORN
JAMES L. RALEIGH
WARREN G. GOODRICH

Auditors
